## Doug BSC Hons

Died 14 August 2019

A keen gardener, self-taught musician and lover of all arts.

He was born in County Durham but made Rugby his home, working as an engineer at GEC Turbines/Alstom his entire career and taking up additional roles as union representative and Rugby Schools Industry Liaison Officer for part of that time.

As a former parish, borough and county councillor (1971-2016), active member of many local communities/groups and chairman of several local societies, he will be greatly missed by many.

A service will be held at St Mary's Church in Clifton-upon-Dunsmore on 10 September at 10am.

All friends wishing to pay their respects welcome.

No floral tributes please.

Donations to either the Christian Blind Mission, [cbmuk.org.uk](http://cbmuk.org.uk) or to any other charity of your choice - he embraced and supported them all.
